Bb Learn Student Preview

Instructions

The "Student Preview" feature in Bb Learn lets instructors and teaching assistants:

- See what Bb Learn looks like as a student.
- Submit assignments or tests as a test student user.
  - Does not work Turnitin Direct Assignments or VoiceThread.
- Enter grades in "Full Grade Center" for a test student user for practicing grading or testing grade calculations.

1. In your Bb Learn course shell, click the or "Student Preview" icon in the upper right.
   a. Looks like an eyeball or a dot with two curved arrows circling it.

2. When finished, click "Exit Preview" in upper right.

3. If asked, it's okay to "Delete the preview user and all data."

A video for how to use the "Student Preview" feature below.

More Help?

Contact Mike Galloway, Drexel CCI Technology Services Manager, at mjg88@drexel.edu.

*Additional Assistance is ONLY for Drexel University - College of Computing & Informatics (CCI) instructors, faculty, professional staff, and students.*

Anyone else should contact technical support for their own college, department, university, organization, or business.

You can contact Drexel ITG Blackboard Support as well regarding technical issues related to Bb Learn, but Mike knows what they know about Bb Learn and is much more intimately aware of issues related to Drexel CCI courses.
