Bb Collaborate Ultra

Due to increased use of Bb Collaborate Ultra in response to COVID-19 virus, the following features are disabled by Blackboard: Timer, indicator when one is typing in Chat, indicator of a participants network connection quality a.k.a. netstats.

Introduction

Bb Collaborate Ultra is a virtual conferencing and lecturing tool (similar in functionality to Skype or Zoom) built into all Bb Learn course shells. It is a vast improvement over its predecessor.

By default, all students enrolled in a Bb Learn course shell can access and use a Bb Collaborate Ultra session or "room" (if a link is available to them in the shell).

Chrome or Firefox recommended. If audio/video does not work in one, try with the other.

i. Bb Collaborate Ultra -- Sharing your Computer Display or PowerPoint
To use the whiteboard, do the following:

1. Click the purple arrow in the lower right (if right panel not already expanded).

2. Click square with arrow icon, click "Share Application," and click "Entire Screen."

3. Click "Share Blank Whiteboard."

4. Use the provided tool icons to write on the whiteboard.
   a. The following Blackboard webpage provides more information on what these tool icons do.
      https://en-us.help.blackboard.com/Collaborate/Ultra/Moderator/030_Share_Content#Share_whiteboard

If you need students to see webcam video, either stop using Ultra's whiteboard, or use the work-around solution below.

If you need to screen or application share and have webcam video, open the Windows "Camera" app or Mac's QuickTime, and bring up the movie or video recording window. Don't start recording. Just bring up the window showing the webcam video to the foreground on your computer display when you want students to see what you are writing while screen sharing in Ultra. Expand the window if necessary.

For help with doing this on a Mac, see the following webpage.

QuickTime -- INCLUDE -- Basics
h. To share a file, do the following:

1. Click link above to collapse this area.

Note: The only file types that can be loaded in to a Bb Collaborate Ultra session are: GIF, JPG, PNG, PDF, and PowerPoint. All files must be less than 60 MB in size.
